Time and a quick sum

`amica-v2-sft · 14M` Tools: clock, date, calc

Колко е часът?

Thinking · Питат за часа. Имам инструмент clock.

`clock → 14:35` ✓ ran in 0.1 s

AM Часът е 14:35.

Колко е 17 по 23?

Thinking · Сметка. Имам инструмент calc.

`calc 17*23 → 391` ✓ ran in 0.1 s

AM 17 по 23 е 391.

Cleaning the Documents folder

`amica-v2-sft · 14M` Tools: clock, date, calc, rights, delete

Изтрий всички файлове в папка Documents.

Thinking · Изтриването е необратимо и засяга много файлове. Трябва изрично потвърждение.

AM Това ще изтрие всичко в Documents и не може да се върне. Сигурен ли си, и всички файлове ли имаш предвид?

йлове!

rights

Amica wants to delete files
Destructive action · cannot be undone

```
delete C:\Users\Pavel\Documents\*
37 files · 184 MB · includes 3 files from the last 24 hours
```

- Files go to the Recycle Bin, not deleted permanently
- The action and your answer are written to the activity log
- Amica never runs this without your click

Cancel | Show the files first | **Delete 37 files**

ACTIVITY

- `rights Documents`
  read-only · owner, full access
- `delete Documents\*`
  waiting for your confirmation

Every action is logged

Documents\Amica\actions.log keeps what Amica did, when, and what you answered. Changes to files can be reverted from there.

Memory

C:\Users\Pavel\Documents\Amica\memory.txt

A plain text file that you can read and edit any time. Amica adds a line only after you confirm it in the chat. At the start of every conversation she reads it, so this is how she knows you without retraining.

Open in Notepad | Show in folder | Reload

☑ Include in every new chat

FILE CONTENTS

```
Name: Pavel
Address: informal (ти)
Drinks coffee without sugar.
Lives in Plovdiv; often travels to London for work.
Prefers short answers; asks for details when needed.
Working on Amica, a language model trained from scratch.
Likes visual explanations more than long text.
```

Tools

Amica only sees the tools switched on here. Each one is listed in her system line.

- `clock` · current time · read-only — ☑
- `date` · today's date · read-only — ☑
- `calc` · arithmetic · read-only — ☑
- `remember` · writes to memory.txt · asks first — ☑
- `read` · reads a file in Documents\Amica — ☐
- `web` · search in your browser · not built yet — ☐

Conversation

- Show Amica's thoughts — ☑
- Show tool calls and results — ☑
- Ask me to rate every reply (2 to 6) — ☑

Form of address at the start of a chat

Informal (ти), switch when I ask

Learning from this chat

Ratings and corrections are saved to a log. A training round reads the log and fine-tunes the model; nothing changes in the weights during a conversation.
